You will get a feedback about your released or unreleased music. Those tracks that fit our taste and standards, will be added to a playlist and considered for an upcoming mixtape or artist feature. We will support artists that we can stand for their art, story, craft quality and professionalism.

You pay a fee for this and it guarantees that your submission will be at the top of our lists and we will give you a feedback. You will receive a refund in case we could not come back to you in less than 10 days. Regarding unreleased tracks, just put a Soundcloud, Dropbox or a download link of the mastered file. It will be kept confidential.

2. Post a DVD, CD, Vinyl, Blu-ray or Cassette

We would love to experience your high quality songs on a Vinyl/CD/DVD/Blu-ray which you can send us by post. Also, if the tracks are available for streaming, and we happen to resonate with any of them, they will be added to a suitable playlist and may also be considered for an upcoming mixtape.

Just make sure to include your contact information and social links in the post packet and inform us via contact form (<https://nodmusik.com/contact-nodmusik/>) that you have posted something. The address: N.O.D, Box 1040, Kristinehöjdsgratan 9A, 412 82 Gothenburg, Sweden.
